PET-PROJECTS

GOBLIN'S TAVERN (OPENCART + MYSQL)

Goblin's Tavern is an outstanding online store specializing in accessories designed for board game lovers, mainly with products ideal for games like Dungeons & Dragons and similar genres.
https://github.com/DianaBudova/Board-Games-Accessories

TIC-TAC-TOE (REACT.JS + NODE.JS + MYSQL)

In a game where a user can create his own account or play as a guest, if he signs in, he can see his statistics (wins, losses, and total games). The user can play versus bot only and change the sign which he plays.
https://github.com/DianaBudova/Tic-Tac-Toe
